Women's Organizations

The Sunshine society of El Paso, a branch of the International Sunshine society, will give a play at the El Paso theater on the night of December 20. The cast was selected Saturday. The play given will be "The Social Highwayman," and the cast will be home talent. Beautiful stage scenery and costumes will be used in the production.

There will be a general meeting of the Women's Charity association Tuesday morning, at 10 o'clock at the chamber of commerce. This will be an important meeting, as an election of officers will be held.

This afternoon the Daughters of the American Revolution are holding a meeting at the Elks' club. After the business session a program will be rendered.

The Woman's Rescue association of El Paso met on Saturday afternoon at 3 o'clock at the Y. W. C. A. rooms. The meeting was in charge of Mrs. C. F. Elliott, second vice president. Anderson, Misses Jay Mitchell, Vera Ballard, Jean Sheen, Juanita Smith, Sella Robinson, Katherine Peak, Newell Compton, Drury Sharp, Juliet Winco, Irene and Estelle Ferguson, Lula Hefrey and Louise Hooper, and Little Francis and Robert Oliver.

The guests met at the Hotel Paso del Norte and enjoyed a ride on a special interurban car to the Valley Inn. The living room of the inn was beautifully decorated for the occasion in quantities of mistletoe. Small tables, covered with embroidered cloths, held small vases which in turn were decorated with the mistletoe. At five o'clock candles in Colonial candlesticks were lighted and refreshments of tea, fruit and pound cake and toast were served. Small tables were also placed in the patio and were decorated with pumpkins which were hollowed out and filled with the mistletoe. Dancing of the one step was the amusement for the afternoon.

ANNA GOULD REDEEMS A DUKE'S WARDROBE

Paris, France, Dec. 8.—Paris money lenders have enjoyed a hearty laugh over the easy manner in which the duchess de Talliand, formerly Anna Gould, of New York, was melted out of \$4,000 by the duke of Talliand, who married the countess Anna after she had divorced

DUCHESS DE TALLIAND.

count Boni de Castellanne, was in debt, it seems, to the extent of \$4,000. The money-lender caused a bailiff to seize 57 articles of the duke's wardrobe, and then plastered the aristocratic sections of Paris with posters announcing an auction sale of the duke's effects. The duchess lost little time in redeeming the duke's clothes by paying the \$4,000.

JAPAN MAY REDUCE DUTIES FOR U. S.

Conference May Result in Cut in Rates on California Fruits, Wines and Lumber; Reciprocity Expected.

Tokio, Japan, Dec. 8.—Negotiations are under way between the Japanese foreign office and Thomas Sammons, United States consul general at Yokohama, for an informal understanding whereby Pacific coast products may be introduced into Japan in large quantities as the result of a proposed lowering of Japan's tariff. These negotiations are closely allied with the study by both countries of the opening of the Panama canal on commerce. If Japan accords reductions to Pacific coast products, especially in canned goods, California wines, nuts, dried fruits, wheat, flour and lumber, Japan will expect some sort of reciprocal treatment. For instance, Japanese merchants are specially desirous of obtaining more favorable schedules from the United States on silk fabrics, and it was understood here that the new tariff bill provided for some reduction.

An enlarged market for American goods will be found in Korea after the canal's opening in consequence of the lower freights and quicker delivery. The importation would include American machinery for mines and railways, steel for bridges, automobiles, cotton manufactures and rice from Texas and Louisiana. Despite the enormous rice crop in Japan, the harvest is not sufficient to feed its population, and importation is necessary.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.
